From the Club

Rain, rain, glorious rain!

Yes, it played havoc with everyone's games this weekend but boy was it glorious, and just what the course needs. Jannie tells us that he measured 53ml at the workshop, which will go a long way to greening up the fairways after the intense heat of the last few weeks and just generally tidying up and dampening down the dust.

The river just managed to hold it all in its banks and for that we are grateful. Let's hope this bodes well for our summer season.

How about a round of golf this Friday?

If you are looking for a game this week we have plenty of times available every day – and Friday has just opened up too! Give the golf shop a call to book or go online at www.zwartkopcountryclub.co.za.

Jokers Wild Draw

Marina Bekker won the Lucky Draw on Friday evening.

She didn't pick the Joker Card, so the pot now stands at **R1975**. We already have one syndicate that has formed in anticipation of their big win!

It's a good excuse to come down for Friday cocktails from 17h00. Buy 1 ticket for R20 or 6 for R100 and the Jokers Wild Card Draw will be done at 18h30 sharp!

Thank you McCarthy Centurion!

A massive thank you to **Martin Raven** of **McCarthy Centurion** for sponsoring our new pin flags.

If you're in the market for an Alfa Romeo, Fiat, Jeep, Chrysler or Dodge then Martin is your guy – contact him on **(012 641 0200)** / martinr@mcmotor.co.za or visit him at McCarthy Centurion, Corner Old Johannesburg Road and Lenchen Ave in Centurion.

We have a few things coming up that you may want to take notice of...

Choose THE 1 in a 1,000 HIT THE SWEET SPOT

Golf is a simple game actually. The swing is a circle. It returns a relatively large clubhead to a ball that hasn't moved. And when you hit the sweet spot, it's a great feeling.

How easy is it to find the sweet spot if the heel of your club is making contact with the turf and the toe is raised? Which way is the club face pointing if you do find the sweet spot? Would this be a great swing spoiled by a lie angle that was too upright?

Many manufacturers today are building 'standard' clubs with very upright lie angles. They think that compensates for an over-the-top swing.

But do you have such a swing?
And how much over-the-top is it?

Hitting more great shots doesn't start with equipment.

It starts with an assessment of your game; your athletic dimensions; and your golf swing.

WE WANT YOU TO HIT MORE GREAT SHOTS

Let us help you hit more great shots. Let us check out your lie angles.
Get that right, and you'll be amazed at how much more accurate you are.
This applies to all golfers. Why waste a great swing?

Start your Journey **YOUR BEST GOLF IS AHEAD OF YOU**

One of the greatest things about golf is that with a little commitment to improvement and practice we can be like the finest wine, and get better with age.

Of course at the elite level power matters, but for most of us, a better technique, a sweet spot found more often, and better game management, will all help us play better and better golf. Golf is rhythm and timing, allied to the use of that special muscle: your brain.

Investing in better golf makes the game more enjoyable. If it's more enjoyable you'll practice and play more frequently.
The more golf you play, the more exercise you're getting, the more supple you'll remain.
Maybe more than your best golf is ahead of you.

GO ON, SET A NEW LEVEL

If you're a golfer who's settled for their game throughout their playing experience,
or you're a golfer worrying about the impact of a slowing swing speed, we want you to come and see us.
We want to help you set a new level of playing experience.
