Well done Jennifer. Of course all the cards will now be shuffled and put back up on the board so that we can start all over again.

Join us on Friday's for cocktails and live music and the Jokers Wild Card Draw gets done at **18h30**.

PAINTS

Congratulations to Zwartkop Member's **Heidi van der Berg** who won the NW Ladies Open A division Nett week before last and to **Adolf Vos** who had a hole-in-one on the 3rd hole at Zwartkop on Tues, 5th March.

From the GNGU Meeting...

News from last week's GNGU meeting is that while the **World Handicap System** will be implemented worldwide from 1 January 2020, they are hoping to implement it earlier in South Africa – most likely around September! One of the biggest impacts in South Africa will be the fact that you will not be able to enter scores for handicap purposes when placing is in play. Wimpie du Plessis, who did a sterling job in the changeover of our golf courses to the Slope system, has been appointed by Golf RSA to head this up and communicate all the information we need to know to implement this. We will keep you posted!

Chris Delpont's Captains Corner...

Congrats to ZCC 1 (William Skinner; Leon Scheepers; Robin Ashby & myself) who won the Senior Scratch League on Saturday beating Wingate 3/1; Woodhill 2.5/1.5 and halving with Akasia. The Zwartkop men's handicap ZCC 2 league team unfortunately lost 4/0 against Cullinan away.

Gauteng North announced the selection of the Senior and Super Senior IPT Teams and congratulations to William Skinner and Corne Basson who have made the Senior Team.

Win a Dream Vacation Holiday when you make a Hole in One on the 7th Hole...

The holiday is valued at R25, 000.00, is subject to availability and is out of school holidays only. Hole-in-one's must be made during an official competition with at least 3 players in the group)

More than often we hit bad shots off the tee, and that gives us a hard time trying to save a par or put a point on the scorecard. Over the next few weeks we will be gathering information from all of you to see how we can assist you in improving each aspect of your game. So please let us know by completing the newsletter survey.

Your fitting survey

The most difficult club

We'd like you to give us 3 minutes of your time to complete a survey that will allow us to provide you with a better and more personal service. With your individual responses, we get a much better idea of how we can help you. This is a win-win survey.

Give us your answers now >

The fairway wood reveals all flaws. Its combination of: shaft that's nearly as long as the driver shaft; a face not nearly as big as a driver face; and usually for use without the advantage of a "tee"; make this a very difficult to use club.

Technique, head design, and fitting can either make this a tremendous club to carry and use; or a club not worth its weight in the bag. Where are you when it comes to your fairway woods?

Fill in your survey

That's why we'd like you to complete this survey and let us know what's most important to you and your playing experience.

Make it a winner

The fairway wood can change your result on any hole: a great recovery club and a great club to set up an unexpected opportunity.

The Par 3 Advantage

Think your way around the Par 3s

What's your average score on the Par 3s? For most of the golfers we see, improved game management would lower that average.

The target and club selection are critical parts of game management on Par 3s.

1

This is the safe target area with lots of room for error.

2

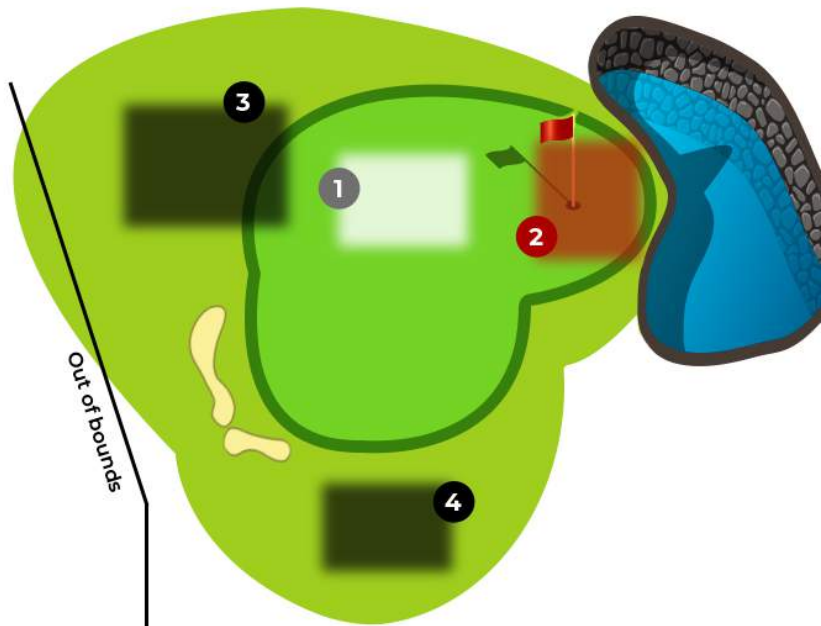

This is not the target area, despite the flag being in this part of the green.

3

If you're comfortable with the distance to the target, then this is a good safety area.

4

If you're NOT comfortable with the length of the Par 3 you're playing, look for a safe area short of the green that leaves you an easy pitch.

On this hole, if you're going for the target area in the center of the green, take a club which, if you strike it well, will get you to the very back of the green. None of us hit the ball perfectly on most shots. We all usually come up at least a little short.

Jack Nicklaus believed he could improve any golfer's scorecard by more than a few shots if he accompanied them on the round and selected the club and target on every shot. He would play the percentages NOT expecting a perfect shot every time.

Make Par 3 improvement a priority

That's an idea. If you and some friends would like to be accompanied on a round, then let's see how much better you score, if you

let us help you with the percentages.
