## From the Club

Congratulations to two of our Junior Golf Academy Members.

**Lea van der Merwe** won the Under-11 Division of the Junior Africa Challenge at San Lameer while **Lebanzi Tselane** finished third in the Boys 8 & Under Division.

---

*Lea van der Merwe*

*Lebanzi Tselane*

Lebanzi has a lovely swing. He's been coming to group classes twice a week for the last few months which has made a big impact on his game.

Lea has been coming for private lessons for two years and is really starting to reap the rewards. She is a strong eleven year old and has just recently transitioned from a junior set to a Ladies Cleveland Bloom set, so is benefiting from having been custom fitted.

## Get your kids into golf

If you would like your kids to get into the game of a lifetime give Elsabe Hefer on **082-922-8408** or Justin Godfrey on **082-925-0236** a call. We can guarantee that they will make new friends and have great fun at the same time.

## SADGA's Inter-schools...

Well done to Lily Reich from the SADGA. Justin Godfrey and the students from the Golf

Management Campus for a successful Inter-Schools event at Zwartkop in August. Check out this link which was aired on SABC.

## Passport for golfers

You can pick up a Passport Golfers in the Golf Shop. For R1000 you will get a passport to play at golf courses in Gauteng. You need to book a four-ball but your own round is for free at each of the courses. When you consider that this includes Blair Athol so that makes up your fee right there and then!

## Fitting for approach shot magic

Three dimensions for a

***BETTER APPROACH***

We want you to evolve your thinking about your approach shots. Get more demanding about the results you want. Work with us on improving your performance.

---

Let's start with what you should demand from the partnership that is your swing and your irons.

#### **DISTANCE:**

*Adding distance means you're playing a shorter club. That means literally a shorter length club. That makes it easier to square the club face and launch the ball high and with accuracy.*

#### **ACCURACY:**

*Squaring the face to target and squaring the sole to the ground at impact means you'll hit more shots tighter to the target. Technique is important. Fitting is imperative. Yes, fitting is imperative to accuracy.*

## STOPPING POWER:

*Once your approach hits the green you want stopping power. That requires spin and an angle of descent that means the ball will sit. So, you want technology in your iron that launches your ball on a great trajectory.*

## Now improve your approach

Book an assessment with us now. Let us look at your swing and technique; your irons and how the technology helps you. Let us improve the three dimensions above. Improve these and it increases the number of magical moments on the course.

# Fall in love with golf

This is

***NOT THE PURPOSE***

of introducing your children to the

***GREATEST GAME.***

We're not trying to create the next great tour superstar. We're trying to help junior golfers fall in love with the game of golf.

If we can do that, they'll be healthier, happier, and have a game and friends for a lifetime.

Whether they've played the game before, play the game now, or have never played the game, we'll promise you that we'll take care of them, and set them on the pathway to a lifelong love affair with the game.

Sign your children up for one of our fun junior golf programmes.
