

As our Tuesday newsletter mentioned, we are still open for business. However, we have made some changes around the Club in order to help you to feel safe and continue enjoying your regular game of golf. We believe that there will be light at the end of the Corona tunnel – we may not be able to see it quite yet, but we are sure that it will come.

This might be the perfect opportunity for you to get some fresh air and have a one-on-one lesson, a playing lesson or even just a friendly nine holes with one of our PGA Professionals. They would love to get to know you and your game a whole lot better.

Please take note that we will be implementing **social distancing** and **hygienic precautions**. Please give the Golf Shop a call to chat about your options – **(012)654-1144 / 2111**.

We would like to encourage you to **pre-book** and pre-pay your golf, online in order to simplify your Golf Shop payment process / interaction.

Nice to see some juniors still out there – pulling their own bags and practicing their own form of "social distancing" out on the golf course!

## This week's Hero...

### From Ian Hayes:

*I was fortunate enough to play 9 holes recently with Theo Muller.*

*The purpose of this game was to get to play with Theo, not just because he is an all-round nice bloke, but to see if I could give him some pointers on improving his golf.*

*The game started with a bang and I managed to make birdie on the first hole. I must remind you that even though we had a friendly game, I was still competing with Theo.*

*As the game progressed I gave Theo a couple of small pointers. Eventually, on the 8th he pulled his drive and landed up on a bare patch in the rough. Theo wanted to punch out and I encouraged him to have a go at the green as it was only 145 meters away.*

*I told him to make sure he hit the ball first and then the ground. He hit it a couple feet from the pin and drained the putt for 4 points. On the 9th he made par and by that time the fat lady had sung.*

*If you would like to have a whole lot of fun, with a couple of pointers thrown in, let me know. Next week I'll tell you all about my game with Andre and Nico!*

Please contact our Professionals on **(012)654-1144 / 2111** – we are here to help with anything and everything golf related.

## Get to know our PGA Pro's a little better

Catch this week's interview with Elsabe Hefer – our Head Teaching professional.

## Find your truth

The lie that makes a good swing better

Hitting the green from over 120 metres out with solid iron contact is a great feeling. And you could experience it more regularly when your lie angle is correct. It's also going to make it easier to control where you land on the green.

A stubborn slice could be caused by a lie angle that is too flat for you, rather than a swing issue. By correcting this, you can avoid unnecessary swing adjustments while hitting it straighter and more consistently.

*Many brands try and solve the problems they think each golfer might have at different handicap levels by creating off-the-shelf irons with a specific lie angle. But that might not be right for you.*

## Build your best game

When you can stand over a three- or four-foot putt knowing it's going in, you add confidence to your whole game.

---

### **NO MORE THREE PUTTS**

There are many small tweaks that can help to calm the stroke. When you're on the practice green, your main focus should be developing a rhythmic, pendulum motion that's easy to repeat.

How important is playing better golf to you?
