

I hope you received the Broadcast Message that we sent out on Saturday evening – if not, please [click here](#) to let us know so that we can make sure your email is re-loaded onto that system. If you receive newsletters and not broadcast messages, it could be that you have been bumped off, if, say for example, the mails weren't opened. Please be sure to open all our emails so that you remain on the database.

Then, in yesterday's Golf Chat newsletter, we sent out this Press Release from GolfRSA to say that they are still engaging with the Department of Sport. Please [click here](#) to read it.

Since then, we have learnt that they have spoken with the Command Council in an effort to ensure that they understand exactly how golf and golf courses in South Africa operate. The Ministry appears to be making many mistakes in this regard, with people continually contradicting each other, which has left the golf community beyond confused.

GolfRSA is desperately seeking clarity on whether or not we can open, so we will advise as soon as we know for sure. We did hear that whatever happens, we would have to wait for the change to be gazetted before we actually open the doors, so it won't happen overnight.

If you missed it, in anticipation of re-opening, GolfRSA announced on Friday that they will cover the annual cost of the use of the **HealthDocs App** for all golf clubs in SA.

This will assist you and Clubs greatly with the Covid-19 screenings and monitoring that are required. We will send out a Special Mailer in this regard advising you how to download the App, register use your name and Club reference number so that you can begin using the App ASAP. Please look out for that.

## Last week's frost has changed the golf course
