

You need a little rhythm to play golf!

A huge thank-you to the Zwartkop team for taking time out of their busy schedules to embrace some fun with our take on the **Jerusalema dance**. Despite the golfers amongst us, many of us are known for having two left feet, but we were still prepared to laugh at ourselves.

Sign up your kids for free!

Did you know that you can sign up your child/ren (under 19 years of age) for a Membership at Zwartkop for free? That's right, all they pay for is their Handicap and Affiliation, when they are ready for it, as well as their actual rounds of golf (including levies).

We also have **Elsabe, Justin** and **Curtley** on hand to coach them, to ensure that they get off to a good start in the game. Plus, we have Junior Clubs and Secondhand Clubs for sale in the Golf Shop. It doesn't have to cost you a fortune to get them started on a journey of a lifetime.

Please Contact **Dale, Joseph, Vusi** or **Happiness** in the Golf Shop to get all your questions answered – **(012)654-1144 / 2111**.

“Uncut” Fairways

This week's staff video is with the hair salon's **Tracey Pretorius**. She spills the beans on who is taller – her or Vydhir. Check it out below.

This week's Hero

Comes from Justin Godfrey

Jo-Liam Momberg has been diagnosed with Spina Bifida and Hydrocephalus. This means that he has limitations in motor planning abilities, and his lower limbs and pelvic functions are very restricted.

He has stability problems when standing and requires external support during this phase. He also struggles to walk for long periods of time, due to extensive surgeries and treatment done on his ankle joints.

I'm proud to say that in just **one TPI training day** with me, we managed to get Jo-Liam to focus on contracting and flexing his quad. We also got him to a squat with zero support. This is huge, and I am extremely proud of him.

Jo-Liam plays off a **32,7 handicap**. Our TPI sessions will help him improve his consistency (allowing his lower body to function better and avoid further injury); will promote power and possible distance gain (as he is now using his lower body as well instead of just his arms); and will help with rotation and weight shift on the backswing and follow-through.

Contact Justin to see how TPI could help you with your game – **082-925-0236** or justingodfrey4892@gmail.com

With the new Srixon ZX Driver, golf doesn't have to be a struggle

This week we are doing two fittings for the new Srixon Driver. There are two models – the **ZX7** and the **ZX5**.

- **The ZX5** has a larger head with **increased MOI** and **ultimate forgiveness**.
- **The ZX7** is for the lower handicap golfer and is adjustable. It has a smaller head that offers a lower ball flight.

These drivers are used by both **Graham McDowell**, **Keagan Bradley**, as well as many other Tour players who represent Srixon. We will report back on the results that we have with Platjie Claassen and Gerhard Lessing.

Shop Specials

FootJoy Gloves

The biggest selling golf glove in the world is FootJoy, and they are offering a terrific October Special. **Buy 2 gloves at the normal price** and **get a third glove for free**. Three gloves should last you a good while, even if you consider yourself a *weekend golfer*, who plays seven times a week.

Bushnell Wingman – R3,499

It's finally arrived! The new Bushnell Wingman is unique. A first of its kind, it combines **high quality audio** with **GPS Distances**. It mounts on the side of your cart with a magnet.

Purchase Pre-Paid Cart Vouchers with no date limit

Together we can narrow the gap

Tour Professionals are hitting their tee shots to within a short iron or wedge shot from the green. We might not be able to do that, but there is a way we can narrow the gap.

We can narrow the gap

We can fit you with a driver that gives you a better launch, tolerates mishits and helps you hit it straighter. Come and see us and let's narrow the gap.

[Contact us >](#)

How low can you go?

If you're scoring in the 90s or 100s, the question isn't "can you go lower?" but "how low can you go?" And more importantly, "how much more fun can the game be?"

Let's get going

Together, we'll start with an assessment of your game where we identify your most promising improvement opportunities. That's the beginning of a journey that we know will help you.
