

Participating in a changing world

We started a river clean up yesterday, in conjunction with the Zwartkop Golf Estate Homeowners Association and Hennops Revival – a non-profit, working tirelessly to clean up the Hennops river.

Despite the rain coming down in torrents, never mind buckets, their spirits were not dampened. They still got on with doing what they could and **removed 404 bags of rubbish** on the first day.

A huge thank you to **Johannes** and the **course staff, Adam and his staff, Leza Petersen** from the HOA, and **Tarryn Johnson** and her incredible team of *river warriors*.

A new month marks big changes

Firstly, from **Monday, 1st March** we will be **swopping the nines** around at Zwartkop. Yip, from Monday, the 1st will be the 10th and the 10th will be the 1st. This is not to confuse you, but is something we have been wanting to implement for some time now.

We swapped the nines around during Club Champs last year and it was well received – and the 9th makes for a nice finishing hole. You don't have to do anything other than take note that your course handicap swaps around to reflect the new nine that you are playing!

Secondly, starting on the 1st March, GolfRSA's new **Competition Playing Handicap** comes into play – we'll remind you more about that in Thursday's newsletter.

Thirdly, we have a surprise launch coming, also on the 1st March. To keep you in suspense, we will only provide you with that information on Friday.

This journey's better when it's shorter

Every golfer wants a shorter approach shot. Getting into that position starts on the tee. And here's how we're going to help you get there.

Check your swing

We'll have a look at your swing and help you make any necessary adjustments to improve it.

Use technology like this

New technology is making the game easier. The Rebound Frame on Srixon's ZX Drivers is a perfect example.

When working on your long game, it's definitely a club worth considering.

Let's shorten the journey

We want you to fly further and straighter off the tee. We want you in the scoring zone with a shorter approach, more often.

Start now >

At the **core**
of a **better experience**

We want you to get every bit of distance you're capable of off the tee while still enjoying soft feel and spin around the greens. That's why we trust and recommend the new Srixon Z-STAR XV.

It's reformulated core gives aggressive swings the distance they're after with driver and the control they expect with irons and wedges.

A flying start
How we get you there

Every golfer is different, but an enjoyable golf experience looks the same for most of us; having fun while hitting better shots and sharing special moments with others. There are several ways for us to help you experience this more often.

1

Game assessment

Playing 9 holes together gives us a clear picture of your overall game.

2

Benchmarking and goal setting

We'll establish a baseline for your game that we use to set smarter goals and make faster progress.

3

Swing check

We'll have a look at your swing and help you make any necessary adjustments.

4

Fitting

We'll ensure that the equipment you're playing with works for you and isn't making the game more difficult than it should be.

Discover a new level of enjoyment

Wherever you are on your golfing journey, there's always room to improve your playing experience. Let's set you up to break into a new level of scoring and enjoyment.
