There are tee times available for this weekend

Course Update

It's so good to be getting compliments on the condition of the golf course. The green fairways, smooth greens and leaf covered trees certainly make for a great walk, but the work is not finished.

We will be starting to seed the 12th green tomorrow and on Monday another 600 square metres of kikuyu arrives and will be used on the 11th, 12th, 13th, 16th & 18th holes. On holes 11, 17 and 18 it will be mainly used to repair the bare patches on the fairways while on the other holes it will be used to repair larger areas. We will be sprigging the 16th, where the old dam used to be.

Giving credit where it's due

Stars of the week

Congratulations to **Wandre Snyman** who won the GNGU Junior Tournament at Centurion on Sunday. He shot 71 gross to win by one over Woodhill's Michael Ferreira.

Matthew Bennet finished 13th at 2-over.

Nicholas Hollander won the B-Division with nett 73 and Damien Ehlert won the C-Division Stableford on 43 points.

Vydhir Singh had the best round of his life last Saturday. He shot a 71 gross off a 5,8 handicap. There were two things that were quite interesting about his round. Firstly, that it included four three-putts, and secondly, it was the first time he'd ever used the new Srixon Divide Q-Star Golf Ball.

The Srixon Divide Q-Star is available in three different colour combinations and is definitely worth a try. It could help you shoot your lowest round ever, just like Vydhir did. Don't neglect the one thing the one thing you can't play golf without, click the button below and,

Stretch for a better game

Stretch your potential

Your muscles all work together when you move. If any of them are stiff or tight, it will have knock on-effects for the surrounding muscle groups.

One of the most overlooked muscles needed when you swing your club, are the lateral trunk muscles (latissimus dorsi). If they're tight, your rotation will be limited, particularly in your backswing.

Put your back into it

Do you suffer from back pain and stiffness after a day on the course? If your back is properly conditioned you can avoid pain and discomfort before, during and after your game. Let's identify where you need to be strengthened.

Break 100

Keep it simple around the
green

If you're struggling to break 100, we're betting you take too many wedge shots inside 70 metres.

In these situations you should have a singular focus: “Get onto the green with one wedge shot”. To do this more often, ignore the flag, it’s usually guarded by some form of trouble. Go for the fattest part of the green.

Try break 36

Place 9 golf balls at various spots around the practice green and see how many shots you need to chip and putt all 9 into the hole. If your score is over 36, you’re going to struggle to break 100 out on the course. Let’s get together at the practice area and sharpen your short game.

Improve your wedge play
