## SADGA Gauteng Disabled Open

Zwartkop is hosting the SADGA Gauteng Disabled Open this weekend. We are the official home of the SADGA in Gauteng and are incredibly proud of our association with the organization as a whole, but all the individuals too.

It is most uplifting to see the joy and love of the game that these players have despite their many disabilities.

Good luck to all those taking part this weekend.

Shorten your long game

## Stop the top

Having the extra distance that a fairway wood gives you on approach can transform your experience and your scorecard. Trouble is, so many golfers struggle with the dreaded topped shot that they hardly ever give their fairway a go. If you fall into that category, there are three things we need to check:

### Ball position

*Is it too far forward? The ball does need to be forward in your stance, particularly with a #3-wood, but too far forward and you'll struggle to make clean contact.*

### Weight transfer

*Are you hanging back and trying to "lift" the ball off the ground instead of hitting through the ball?*

### Swing rhythm

*If you're swinging too hard at the ball, you could be tensing up and raising the clubhead at impact.*

## Make your tee shot count

Finding the fairway with your tee shot gives you the opportunity of making the green in two. Being able to execute a fairway wood shot off the turf enables you to take real advantage of that opportunity. It also feels great! Let's improve your fairway wood shots.

Practice with purpose

## What skills could you improve today?

To add more value to your range sessions, choose a skill to be your primary focus for the day. It's more valuable than ploughing through 100 balls with your driver and #5 iron. It gives your practice more purpose.

*Is it hitting more shots on line?*

*Is it being able to hit fairway woods consistently off the deck?*

*Is it control of distance with your wedges?*

Which part of your game most needs improving and will have the biggest impact on your enjoyment and scorecard?

We're here to help you.

Let's talk practice
