From the Club

Zwartkop: A “Golf, Lifestyle, Practise and Entertainment Centre” - What does the new Zwartkop mean for you – our member?

The back nine has been closed – you can still play 18-holes, it just means that you play the same nine twice. As mentioned, we will be making changes to the course so that you get to experience the two nines slightly differently in future, but that won't happen right now. We have however already opened up the 18th green for use as a chipping, putting and bunker practice area and we will start this week with our preparations for the driving range extensions.

The golf course improvements and construction work will be done in the

drier months for obvious reasons, and any grass that needs to be planted will then be done just in time for the new growing season.

If everything goes to plan we expect to have everything completed and operational within six months.

We once again want to highlight that from 1st March all golf members have received the first allocation of their 20% Membership Discount.

Basically, 20% of your monthly, or annual fee, has been credited to your Club Spending Account for you to use at the club towards the following spends:

- Food Purchases - Baldovino's and the Deli
- Bar
- Driving Range
- Golf Shop
- Golf Cart Rental

*Down the line, TopTracer will be added to this, and depending on the provider, the Padel play discount is still to be negotiated

In addition to this 20% discount, you still receive a 10% discount on purchases on all these services / facilities (excluding on any specials), including the Hair Salon, which is however an independent facility, so that discount cannot be obtained through your Club Spending Account.

We want to be your home away from home and a place where your whole family feels welcome and we really do hope that you will continue to join us on this journey.

Star of the week

Congrats to Fayaaz Moosa who had a hole-in-one on the 8th hole yesterday!

INSERT PIC

Let us help you play better golf

This week's golf tip by Duane Keun is on the thought process and pre-shot routine you should go through when approaching your golf ball ahead of playing a shot.

Duane is the Head Teaching Professional at Zwartkop.

Unleash your full golf potential

Range practice

How you practice on the range has a big impact on how quickly the grass is able to recover. Give this recommended method a try which will make a huge difference!

Make it count

You've found the fairway with your drive and are facing a clear #7-iron approach into the green. Those are the moments you need to take full advantage of. But if your iron's lie angle is off by a single degree, you can drift up to 10-feet wide of the green, even after a good swing.

*If your lie angle is too upright,
there's an increased chance of you
hooking your iron shots.*

If your lie angle is too flat, you're likely to struggle with a persistent push.

Let's reveal the lie

Make those clear scoring opportunities count by playing with the correct lie angle for you.

[Check your lie angle](#)

Your approach starts on the tee

Take a moment to think about your least favourite par 4. How much easier and more enjoyable would that hole be if you were hitting your approach shot from the fairway, with two clubs less? It all starts with your tee shot, and here are two ways we can help you improve.

Swing check

How's your transition from backswing to downswing? Are you open, closed or square through impact? These are just two of the swing factors that can impact your distance. During a swing check, we'll identify all of your distance improvement opportunities.

[Book a checkup](#)

Game management

Is driver the right club on that hole? Is there elevation at play? What's the wind doing? Asking yourself these types of questions before teeing up is a big part of finding more fairways. Let's take some time to chat about decision-making.

[Play 9 with us](#)
