## From the Club

### Guinness Record website

We came across this on the Guinness World Record website – confirming that Zwartkop is the record holder for the fastest 18 holes of golf by a team. We received the official certificate recently and, if you haven't seen it, make sure you take a look next time you're in the bar!

The record for the fastest round of golf (team) is 11 min 55.32 seconds and was achieved by Zwartkop Country Club members (South Africa) in Centurion, Gauteng, South Africa, on 31 July 2022.

This record attempt also raised funds for a charity in South Africa.

Stars of the week

If you haven't given this comp a go, then do it's really fun and a different challenge...it will change to 4 Clubs @ 4 o'Clock for R44 starting on 1st May through the winter months!

Thanks to all that participated in another fun event. We had four teams of ten players taking part over 9 holes, with one player being knocked out after every hole.

The four of them then went into a chip off for the grand prize – a pair of Duca del Cosma shoes. In fading light, Robert Oosthuizen was the only one to hit the green – well done Robert!

Trust your irons

The 'lie' that makes a good swing better

Hitting the green from over 120 yards out with solid iron contact is a great feeling. And you could experience it more regularly when your lie angle is correct. It's also going to make it easier to control where you land on the green.

Find your lie angle

Let's treat the cause, not the symptom

A stubborn slice could be caused by a lie angle that is too flat for you, rather than a swing issue. By correcting this, we can avoid unnecessary swing adjustments while making you straighter and more consistent.

*Many brands try and solve the problems they think each golfer might have at different handicap levels by creating off-the-shelf irons with a specific lie angle. But that just might not be right for you.*

## Let's make iron play fun

Once we've set your irons up for your physical stature, swing type and playing preferences, your iron play will be more effective and more fun! Let's build your trust in irons.

Par 3 Power Play

There's power in routine

Cleanly struck tee shots are the ticket to turning more par 3s into scoring opportunities. And what you do before taking the shot plays a big part in the quality of your strike.

### Hone your approach

*Having confidence in everything you do before the shot is just as important as your technique during the shot. Having a pre-shot routine will help you to calm the nerves, improve your focus and boost your confidence. It will increase the sense of belief in your ability to setup that birdie putt.*

*Do you have a set pre-shot routine and swing thought to give you the best possible chance of a clean strike? If not, no worries, pay us a visit and we'll develop one together.*

[Book a lesson](#)

# Refresh your approach

A consistent and repeatable pre-shot routine is important, but we'll also need to ensure your swing mechanics are sound. Let's spend some time on the range and look at aspects of your swing like turn, positioning and weight transfer.
