Range Practice

We've shown you the poster, but here's a great video that shows you the right way to practice and take divots on the driving range – especially with the new range coming soon, we would appreciate your help in maintaining the turf

Let us help you play better golf

Duane Keun gives you a drill to help you address striking, swaying and falling back on your shot.

Duane is the Head Teaching Professional at Zwartkop. Contact him for lessons on 078-459-1549.

Putting precision

Suit your stroke

Everyone's putting stroke is different. We'll fit you for a putter that complements yours to help you drop more putts and experience more joy on the greens.

There's a putter for you

Have an arched motion and searching for a touch more consistency? A blade putter will make it easier for you get your ball on the right start line and improve your accuracy. While those of you with a straight back-straight through stroke would benefit from using a mallet putter.

Make more putts

Get fitted for a putter that suits your stroke and watch more putts drop.

Find your flow state

Practise presence of mind

Previous shots, good or bad, don't matter. All that matters is the very next shot. Understanding this is key to staying present and finding your flow state.

Let bad shots go

*Do you ever think back to a poor shot holes after it happened?
That hurts your chances of playing better golf going forward.
You're better off approaching each shot individually and
setting aside its importance in the context of the hole or the
round.*

*Bad shots happen but your response determines how
damaging they will be. We'll teach you to commit to the
process of hitting a good shot and detach from the result until
you've rolled in the putt.*

Keep moving forward

Improving the effectiveness of your swing makes it a lot easier to forget about past swings and focus on the next one. We can help you there too.
