Trackman Range is Coming Soon

We are thrilled to announced that the installation of the Trackman system is starting TODAY! Once that has been completed the range will be “open” but under a three week testing phase.

We will send out a mailer soon with more details on how this will work as it is an important phase that allows us to collect stats, and make sure that the calibration of the system is correct.

In the meantime, download the App and set up a profile for yourself. That will allow you to record all your shot data and stats so that you can review it all later.

You can download the App here:

App store: <https://apps.apple.com/ch/app/trackman-range/id1245413916>

Android: [https://play.google.com/store/apps/details?](https://play.google.com/store/apps/details?id=dk.TrackMan.Range&hl=da&gl=US)

Padel Courts

We are also waiting for the containers with our padel courts to arrive on Wednesday and then installation on those will commence straight away.

Tee off Times Available this Weekend

We have tee off times available early Saturday morning, Saturday afternoon and all day on Sunday. You can book online at www.zwartkopcountryclub.co.za or call the golf shop on (012)654-1144.

You can take part in these:

SINGLES CLUB - Sun, 17th September.

These social monthly events are open to Single-figure handicappers only and provide a great opportunity for some high-level but fun competition.

If you are a Single Figure golfer who is a 9-handicap or below off the blue tees, you can play in the Singles Club, but can only win the Net prize.

Give Brent Goddard or Francois Anderson a call.

Jokers Wild draw

Come on down for a drink and the draw gets done at 18h30.

Fitting by the numbers

Approach with confidence

Are you struggling to find the green, even when you're within a distance that's comfortable for you? You might be coming at it from the wrong angle.

Your face angle may either be too open or closed at impact.

Here's why that matters: for every single degree that the face is open or closed, your ball deviates up to 10 metres! That's right, a single degree could be the difference between you finding the green and facing a tricky up and down from the greenside bunker.

The solution to more green-finding fun is simple: get your irons fitted and ensure the lie angle, shaft length and shaft flex are correct for you. Doing that makes it easier to square the

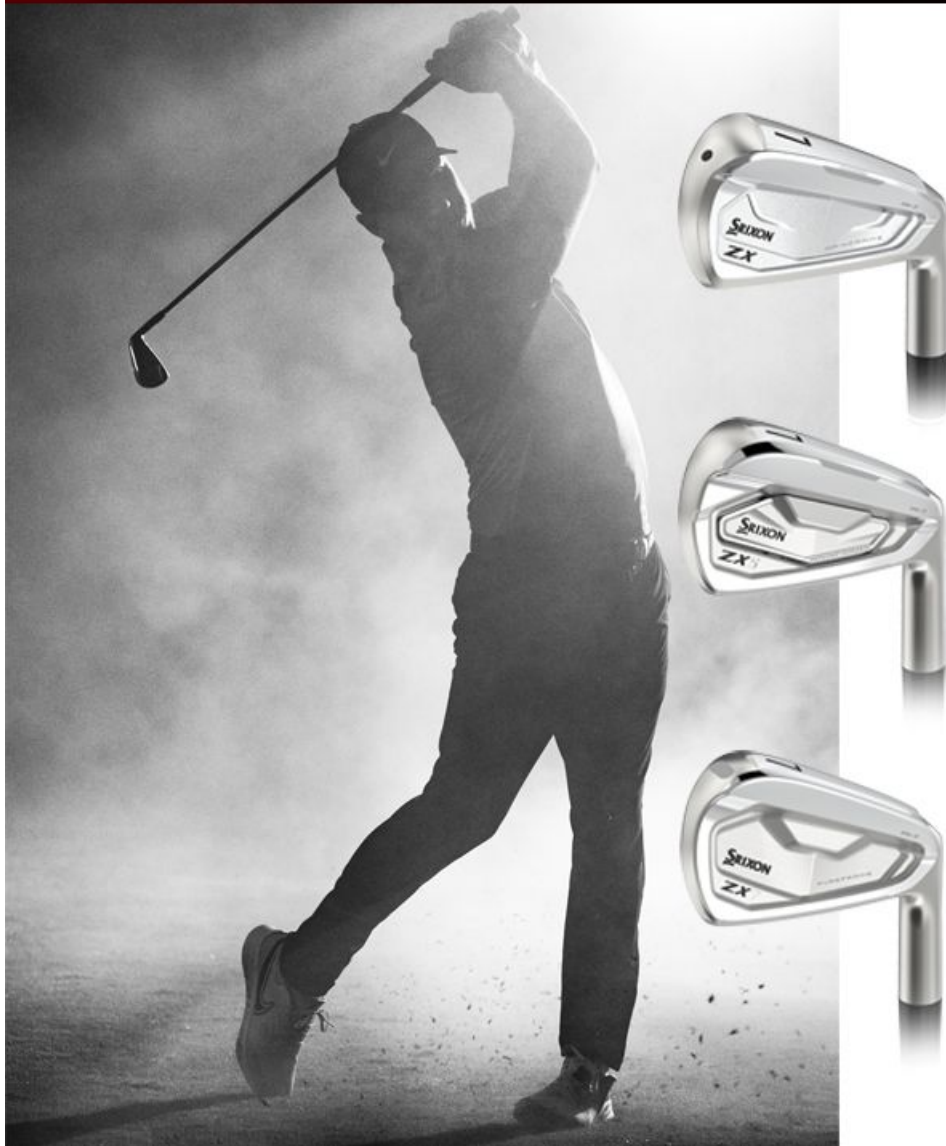

clubface through impact and keep your birdie bids alive!

Turn squares into circles

A square iron face at impact means more birdie bids!

NOW THIS IS PROGRESS!

With the Progressive Grooves in Srixon's ZX Mk II Irons, you get improved launch and distance on approach while adding spin and stopping power on scoring shots into the green.

Track to improve

Make long-term short-game gains

A reliable short game is the glue that holds a round together. Get up and down a couple more times each round and not only will your game be on the up and up, but you'll have a lot more fun and probably impress your playing partners too!

Score in the scoring zone

The area 100 metres around the green can be thought of as the scoring zone. We want to lower the number of shots you take in this zone. And because it's an average, it doesn't have to be by several shots to make a difference. For instance, if you improve from an average of 4.0 shots to 3.5, you're shaving up to 9 strokes off your overall score!

Over the next five rounds, track the average number of shots you take to hole out from inside the scoring zone.

If you average more than three shots, let's spend some time together to identify and improve on the area of your short game that's holding you back.
